

Independent Consultancy for Loading Bays & Industrial Doors

Engineering-Led. Independent. Unbiased.

25+ years of hands-on experience delivering unbiased guidance
for safer, more efficient warehouse operations.

About Us

Amey Dock & Door Specialists is a fully independent engineering consultancy with over 25 years of hands-on experience in loading bay and industrial door systems. We provide expert, unbiased advice with absolutely no sales agenda — our only priority is delivering the right solution for your facility and your budget.

Our Mission

To deliver engineering-led guidance with zero manufacturer bias, helping logistics, manufacturing, cold chain, and retail operations achieve safety, efficiency, and compliance across all loading bay and door systems.

Independent Consultancy

UK-Wide Industrial Consultancy

**Engineering-Led.
Independent.
Unbiased.**

Sectors We Serve

✓ Cold Chain & Logistics

Temperature-controlled environments demand precision. We specify dock equipment and industrial doors that maintains cold chain integrity and operational efficiency.

✓ Manufacturing

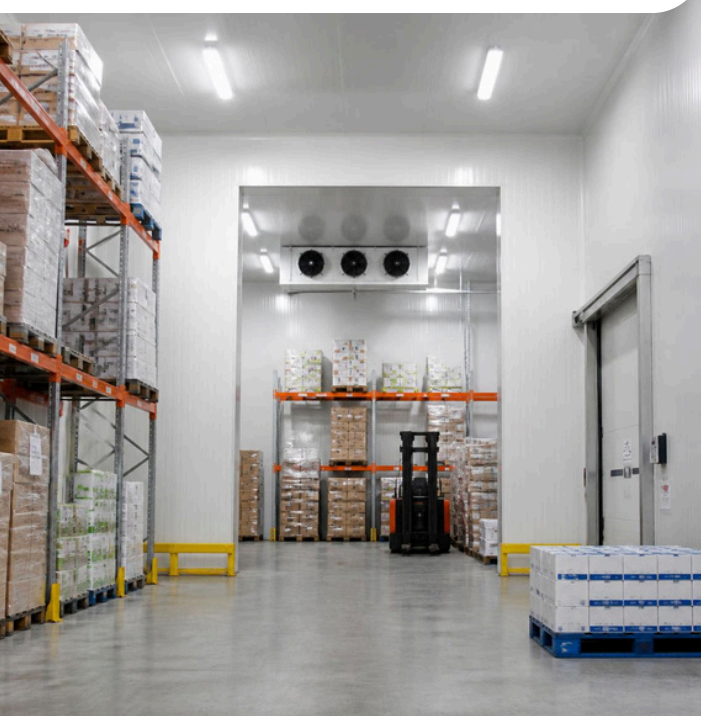

High-traffic industrial facilities require robust, reliable loading bay and door solutions specified with zero manufacturer bias.

✓ Retail Distribution

Fast-paced distribution centres benefit from our independent audits, upgrades, and safety compliance reviews.

✓ Warehousing

Comprehensive warehouse safety systems, perimeter protection, gates, and turnstile solutions tailored to your site.

Engineering-Led, Independently Specified

With 25+ years of engineering experience, Amey Dock & Door Specialists provide truly independent consultancy. We cover loading bays, dock levellers, industrial doors, shelters, barriers, gates, turnstiles, and perimeter protection — with zero manufacturer bias and no sales agenda.

Our Services

From loading bay upgrades to perimeter protection, we deliver independent, engineering-led solutions across cold chain, logistics, manufacturing, and retail sectors.

Loading Bay Upgrades

Full assessment and upgrade of dock levellers, shelters, and bay equipment for optimal performance.

Industrial Door Replacements

Unbiased specification and replacement of industrial doors, barriers, gates, and turnstiles.

Safety Compliance Audits

Thorough safety audits ensuring full regulatory compliance for loading bays and warehouse systems.

Energy Efficiency Reviews

Identifying energy-saving opportunities across doorways, seals, and thermal barriers.

Troubleshooting & Repairs

Expert diagnosis and resolution of operational issues with loading bays and industrial doors.

Warehouse Safety Systems

Specification of perimeter protection, barriers, and safety systems for secure warehouse environments.

"We don't sell products — we deliver independent, unbiased guidance. We give you the clarity, tools, and direct access to specialists so you can source the right equipment yourself, confidently and without sales pressure."
